Gladius Series POS Computers for Restaurants and Retail

The Obvios Gladius series Touch Screen POS computers bring reliability, longevity, ease of use, and powerful processing capabilities to the Retail and Hospitality world. Built to withstand some of the harshest environments that businesses have to offer, the Gladius is proven as a leader in Point of Sale computing.

The Gladius series computers are a perfect combination of good looks and durable design, providing all the flexibility required for point-of-sale applications, while organizing the counter with superior cable management, and a small footprint.

The Gladius series computers are protected against dirt and dust, and are spill-proof to protect against minor accidents and varying environmental conditions.

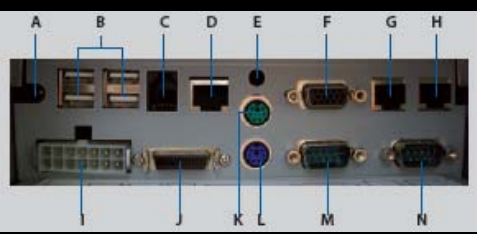

Obvios Gladius Series Computers
